No entries will be accepted which have been received at the Toronto Post Office after February 18th.

N.B.—The Secretary was given Special Instructions that the above clause must be strictly complied with.

2. A card will be furnished to the exhibitor at the time of making the entry, specifying the class, the number of the section, and the number of the entry, which card must remain attached to the animal during the exhibition; but in the case of sheep and pigs the card must be attached to the pen.

3. No animal deemed unworthy by the judges shall be awarded a premium, but no prize shall be withheld merely because there is no competition.

4. No animal shall compete for a sweepstake or special prize that has not been shown in a regular class.

No entry will be accepted unless these conditions are complied with.

37. Each exhibitor of cattle must be a member of the Dominion Cattle Breeders' Association.

38. The age of dairy cattle will be computed to the 1st of February, 1905.

39. Cows must all be giving milk, and all the awards in the Dairy Department shall be made by the following scale:

20 points for each pound of fat.

4 points for each pound of solids (not fat).

1 point for each ten days in milk after the first thirty days; limit, 10 points.

40. The milking competition shall extend over forty-eight hours, and will take place on Saturday, Sunday and Monday, March 4th, 5th and 6th. Rations feed competing cows will not be considered. Cows entered in the competition must be milked three times each day. They shall be milked dry in the presence of the judges at 1 o'clock on the afternoon of Saturday, March 4th, and the test will conclude at 1 p.m. on March 6th. The percentage of fat in the milk will be determined by the Babcock Milk Tester, and the percentage of solids (not fat) will be determined by ascertaining the specific gravity of the milk and then estimating the amount of solids (not fat) by the use of authorized formula for that purpose.

41. A statutory declaration will be required from each exhibitor in the Dairy Department, stating the number of days his exhibits have been in milk, also stating that each exhibit is shown in her proper class, and that she is the animal named on the registration certificate produced.

42. Exhibitors will be held responsible for the safe-keeping of their cows during the test.

43. All stock must be in the stalls not later than 9 a.m., Saturday, March 4th. (See clause 48).

44. In the sections for cows thirty-six months and over, a cow must make a

total score of not less than 70 points, according to the scale, in order to be eligible for a *first prize*; and a total score of not less than 50 points, according to the scale, in order to be eligible for any other prize.

In the sections for heifers under thirty-six months, a heifer must make a total score of not less than 55 points, according to the scale, in order to be eligible for a first prize; and a total score of not less than 45 points, according to the scale, in order to be eligible for any other prize.

45. Prizes in the Dairy Department may not be paid for one week after the Show is held. This rule is made necessary on account of the large amount of work in figuring out the result of the test.

46. All milk must be handed in at the dairy room in a clean and marketable condition, and will be taken charge of by the Association, and the product sold and divided *pro rata* among exhibitors in the Dairy Department. Illustrated addresses on butter-making may be given.

ANIMALS.

47. No animal shall be removed until the close of the exhibition.

48. All stock, other than that competing in the dairy classes must be in the stalls or pens on Tuesday, March 7th, at 1 o'clock p.m. Stock competing in the dairy classes must be in the stalls not later than 9 a.m., March 4th; but if the owners desire it, they may be brought earlier.

49. Cattle must be well halter broken. No vicious animal will be admitted.

AWARDING COMMITTEES.

50. Awarding Committee will commence examination on Tuesday, March 7th, at 1 p.m., and continue until awards are completed.

51. No person shall act as Judge of any lot in which he may be interested as an exhibitor, the agent or employee of an exhibitor, or otherwise.

52. No animal deemed unworthy by the Judges shall be awarded a premium; but no premium shall be withheld merely because there is no competition.

53. All animals, except those exhibiting in the dairy and dressed carcass classes, shall be judged from a feeder's and consumer's standpoint. The awards shall be given to the animal most valuable from a feeder's and consumer's point of view.

54. All dressed carcasses will be judged from the consumer's standpoint.

55. Any exhibitor lodging a protest must make it in writing and it must be delivered to the Secretary's Assistant within six hours of the cause of the protest. It must state plainly the cause of complaint or appeal and must be accompanied by a deposit of \$5.00, which sum may, in the discretion of the Board, be forfeited to the Association if the protest be not sustained, but this provision shall not preclude the right of any Director or Judge to bring any case of fraud in an exhibitor before the notice of the Board of Directors for their consideration and in which case the Board reserves full right to act in the premises as fully, and to the same extent as if a formal protest had been filed by an exhibitor.

56. Any cases where protests are entered for improper or malignant purposes the Board shall exclude the party from exhibiting for two years thereafter.

Any person who shall attempt to interfere with or influence the Judges while in the discharge of their duties, or who shall at any time on the premises of the Fair use any contemptuous or abusive language to any Judge, or within his hearing in consequence of any award made by him, shall forfeit his right to any premiums to which he might otherwise be entitled, and may be excluded from exhibiting for one year thereafter. Judges are particularly requested to report any breach of this rule.

57. Upon the discovery of any fraud, deception, or dishonest practice in the preparation of ownership or of any misrepresentation concerning any animal or article exhibited which may have affected, or attempted to affect the decision of the Judge or Judges, or upon the discovery of any fraud or deception in making an entry or entries, on the part of any exhibitor, the Board of Directors reserves

the right to withhold the payment of any prizes awarded and may prohibit any such party or parties from exhibiting in any class for one or more years, and may also publish the names of any such person or persons as may be deemed most expedient and any prize or prizes so withheld shall be awarded as though such exhibitor or exhibitors had not shown or exhibited.

58. If it be proven to the satisfaction of a majority of the Board of Directors that an exhibitor has been guilty of any of the above named dishonorable practices at any other exhibition held in Canada, or the United States of America, or has falsified any pedigree, or otherwise dealt unjustly with the public, said member may be expelled from this Association by said Board of Directors.

59. The registration certificates of pure-bred cows and heifers, ewes and sows, must be produced in the show-ring if demanded. A statement of breeding, signed by the breeder, must be produced in the case of pure-bred steers, wethers and barrows, if demanded. The statement must give the name and number of sire and dam.

60. The entry books must be returned by the Judges of each department to the Secretary as soon as the awards in each are completed.

61. Great care must be exercised to preserve the Judges' books, and the awards must be entered as above in a plain, legible manner, in the proper place, as the premiums will be paid on the authority of these entries ONLY.

62. Judges will be particular to observe the following: RED RIBBONS are destined for first premiums; BLUE RIBBONS for second premiums; WHITE RIBBONS for third premiums; GREEN RIBBONS for fourth, or highly commended; YELLOW RIBBONS for fifth or commended.

63. Decision of Judges shall be final, and no protest or appeal will be entertained except in cases where actual fraud is alleged against the Judge.

64. Objections to a person serving as a Judge must be submitted to the Secretary, in writing, not later than February 1st, 1905, and give good and sufficient reasons therefor.

SPECIAL TO EXHIBITORS COMING A DISTANCE OVER ONE HUNDRED MILES.

65. Any exhibitor requiring to bring his stock over one hundred miles from any point in Ontario, will be entitled to a rebate equal to the freight charges on his shipments for the distance it was carried over one hundred miles. In order to avail himself of this privilege, an exhibitor must write the Secretary at least three weeks before the show is held, giving full particulars as to the point of shipment, the distance from the show and the carrying line. The exhibitor must also, at the time of the show, furnish a receipt showing the amount paid, the point of shipment, and the number and kind of animals included in the car. No rebate will be allowed unless the above conditions are complied with.

SUPERINTENDENT.

66. The Superintendent shall be subject to the Executive Committee. He shall have charge of the building, caretaker, etc. He will designate the hours of feed, forage and bedding for animals on exhibition. Feed, etc., can be obtained at reasonable rates on application to him. Stalls and pens shall be cleaned before 8 a.m., and kept clean until 10 p.m. each day of the show. The aisles and passages shall be kept clean and unencumbered. Feed or bedding shall not be placed in the aisles or littered about the building, but all parts thereof shall be kept scrupulously clean and tidy.

Why Experiment?

YOU want profits—not losses—in return for the time, labor and expense invested in YOUR dairy. Don't you? Then **Why Experiment?**

YOU will admit that the **largest product** from YOUR dairy, of the **best quality**, means the **greatest profits**. Won't you? Then **Why Experiment?**

YOU cannot afford to invest YOUR capital, time and labor in ANY but the most practical dairy methods. Can you? **No.** Then **Why Experiment?**

YOU have the choice: the largest product with the best quality, or, whatever YOU may get and quality a **costly** uncertainty.

YOU KNOW what YOUR choice **should** be. Then **Why Experiment?**

The U.S. Cream Separator

will save YOU the long, unsatisfactory and costly experience which experiments involve. It will place YOU **immediately** in command of the two winning points in the dairy business.

Quality

Every Winning Score in the four great butter scoring contests at the WORLD'S FAIR, ST. LOUIS, 1904, and

The Sweepstakes on Dairy butter, were awarded to the product of the U.S. CREAM SEPARATOR against the world.

Quality Won!

Quantity

The U. S. Cream Separator has **indisputably and conclusively** proven that it is the closest skimming separator in the world.

In the Model Dairy at the Pan-American Exposition held in Buffalo, N.Y., in 1901, the U.S. skimmed so close that in **50 consecutive** runs it averaged to leave *only .0138 of one per cent.* of butter fat in the skim milk, establishing a **World's Record** never equaled by any other separator.
